MORGAN DEAL STOOD AS HE SAID

Nobody Had Nerve to Question Price He Had Agreed to, Though Exorbitant

HE PAID \$15 PER SHARE MORE THAN NECESSARY

Stocks Involved in Deal Were Part of an "Unloading" R. R. Control Scheme

WASHINGTON, May 20.—The story of how J. Pierpont Morgan was alleged to have unloaded the control of the Worcester, Nashua and Rochester Railroad upon the Boston & Maine, the latter paying \$15 per share more than the price for which it was later found that the minority interest could have been bought, was told today by Ex-president Charles S. Mellen, testifying before the interstate commerce commission. He defended the acquisition of the property, however, as being a good deal for the Boston and Maine. He declared that neither he nor President Tuttle of the latter road had the nerve to question the price Morgan had agreed to.

HEAT CLAIMS FIRST VICTIM IN CHICAGO

City Swelters in Hottest May Day Known in Many Years

CHICAGO, May 20.—The first heat victim of the year is Thomas Birmingham, aged 69, who dropped dead in his office in the Tribune building of heart failure superinduced by heat. The city sweltered today from the hottest May day in years. The street thermometers registered 83 degrees with a high relative humidity. The weather bureau failed to promise relief and the sky was murky with scarcely a breath of air. The parks and beaches are thronged with thousands.

FOREST FIRES ARE NOW UNDER CONTROL

CALUMET, Mich., May 20.—Heavy showers on the upper Michigan peninsula enabled fighters to gain control of the forest fires which have been raging there for several days, causing several hundred thousand dollars damage. Despite the rain, the village of Bliss in Emmet county is threatened with destruction, with the wind forcing the fire towards the town. Other fires are generally under control.

BECKER DEFENSE RECEIVES BLOW

NEW YORK, May 20.—The defense for former Police Lieutenant Becker, on trial for the murder of Gambler Rosenthal, suffered a severe blow today when Justice Seabury excluded evidence showing that "Dago" Frank Cirofici, who died for the same crime, had exonerated Becker from any complicity "so far as he knew."

RAILROADS MUST KEEP 8-HOUR LAW FOR MEN

SACRAMENTO, May 20.—Deputy State Labor Commissioner Blair announced that he will prosecute the Southern Pacific, Western Pacific and other railroads which work employees more than eight hours in tunnels and other underground places.

Jack Rose Two Years After He Aided in the Murder of Rosenthal

Jack Rose, who, according to his story in the trial of Charles Becker, former police lieutenant of New York City, was Becker's chief agent in the murder of Herman Rosenthal, again took the witness stand when the case against Becker was called. He told much the same story he had given on the first trial.

REBELS MAKING HEADWAY IN SOUTH

Skirmish Near Parden With Federals is Victory For Villa

900 FEDERALS TAKEN PRISONERS BY REBELS

600,000 Rounds Ammunition and Equipment Also Spoils of Fight

JUAREZ, May 20.—Villa telegraphed late today to the rebel headquarters confirming the reports published earlier that he defeated the federals in the preliminary skirmish near Parden, capturing 900 prisoners, 600,000 rounds of ammunition and much equipment. Thirty-two federal officers were reported as executed. Many federals were killed during the battle.

NEWS WAITED ANXIOUSLY FROM BATTLE FRONT

JUAREZ, May 20.—With the telegraph south from Parden silent for forty-eight hours, the Constitutionalists here are certain that a desperate battle is in progress between the rebels and the federals at Saltillo. Villa's custom when going into decisive battle is to cut the wires and remain silent until he has a victory to report. It is believed that he has done this again.

The last message that passed by the censor at Rio stated that skirmishing was in progress. The Constitutionalists here hourly expect the restoration of telegraph service and news of a sweeping rebel victory.

News Still Lacking The morning and a portion of the afternoon passed with no further word. The Constitutionalists, it is reported, are receiving cipher messages from a point this side of the wire break, but no information is forthcoming as to their contents. The Constitutionalists leaders deny the report.

The city is quiet, although scores are in the streets and around the telegraph office of the Constitutionalists' headquarters in efforts to get information.

MEXICAN CACHE OF WAR MUNITIONS AT PHOENIX

PHOENIX, May 20.—The police today raided a cache in the Mexican quarter and found 150 rifles and 20,000 rounds of ammunition. It was learned that a well-equipped company of Mexicans were drilling under the command of the rebel Captain Eldino. 200 are said to be involved.

PUT RED SPIDER IN AN ORANGE ORCHARD

Malicious Trick Discovered, But No Clue as to Who Did It

ORANGE, May 20.—This morning it was found that leaves and small branches clipped evidently from nursery stock had been scattered in a Valencia orange orchard on West Chapman street. The orchard was sold yesterday by E. J. Brown to B. S. Clausner of Anaheim, and was a clean, young orchard. This morning half a dozen piles of leaves and branches were found, and these were full of red spider.

It is believed that some person scattered the red spider in the orchard in order to damage it. Whether the hatred of the perpetrator is not known.

JAPAN'S PREMIER PLEADS FOR FAITH OF NATIONS

TOKIO, May 20.—A plea to the press of the world to work for the removal of misunderstandings and suspicions among the nations was made yesterday by Premier Count Shigenobu Okuma, in addressing a gathering of Japanese and foreign journalists. He said: "America has no enemy, so what is the use of the fortifications of the Panama Canal?"

ROOSEVELT GETS BUSY RIGHT AWAY

Reached Home Late Yesterday Weak From Illness But Full of Ginger

MEETS PROGRESSIVES ON HIS FIRST DAY HOME

Refuses to Talk for Publication; Trip Was Full of Peril to Colonel and Party

OYSTER BAY, N. Y., May 20.—Colonel Roosevelt immediately got down to business today following his return from his recent Brazilian exploration trip. He summoned his secretary, John McGrath, from New York and attacked a mountain of accumulated mail. He refused to talk to reporters for publication.

He had an afternoon appointment with George W. Perkins and other Progressives were scheduled to meet him late today. It is understood he will not talk of 1916 presidential possibilities or Progressive Republican affairs until after his interviews with them.

Col. Roosevelt is planning a speaking tour in the next political campaign taking him as far as the Pacific coast with side trips in both north and south while en route.

He expressed himself as in favor of arbitrating the Panama canal tolls matter but is opposed to America yielding coastwise shippings exemption or otherwise. The payment of anything to Colombia for the loss of the Panama canal strip he declared to be "unthinkable."

Tomorrow he will visit the Outlook office and on Tuesday will lecture before the National Geographical Society at Washington and announce his discovery of a Brazil river.

Colonel Roosevelt arrived yesterday afternoon on the Booth liner Aidan from his South American trip, still weak from fever and limping from injuries received on the river of doubt, which he and his party "put on the map of South America."

"I am still worn several dead men," said the colonel, his bronzed cheeks showing many traces of the strain of the hardships and the dangers he has endured. But the fact was learned that the colonel and the members of his party were near death from starvation and that the colonel himself was so ill at one time that it was feared he never would reach civilization alive.

Delirious with fever, almost covered with fever sores and the wound in his right leg so terribly festered that it was necessary to lance it to the bone, the colonel felt himself a drawback to his party after most of the provisions had been lost and some of the canoes sunk in the rapids of the river of doubt. Then, as he could not make a hundred feet a day he urged his comrades, including his son Kermit, two naturalists and the Brazilians, who accompanied him, to go ahead and leave him to take care of himself.

The country through which the colonel had been, scientists agree, is the most dangerous in the world from the viewpoint of disease. As he greeted his friends on the Aidan yesterday afternoon it was apparent he had improved greatly in his trip northward. He met questions about the "river of doubt" with a snap of the jaws and as for A. Henry Savage Lander, who denied the existence of the river, the colonel announced he had a "contribution to make to Mr. Lander's biography." The colonel denied emphatically he had given out an interview at Barbadoes in which he said that if he ran for president in 1916, it would be on a Progressive platform which the Republicans must accept.

WRIGHT, EMBEZZLER OF U. C. FUNDS, IN CUSTODY

BERKELEY, May 20.—Harry L. Wright, recently cashier of the University of California, was taken into custody today by Detective Davidson, to answer charges of embezzling \$14,000 from the university. He was taken before Prosecutor Hynes for examination.

SANTA MONICA, May 20.—Frank Bronson, bitten over the heart by a Gila monster, is pronounced out of danger today by the doctors who battled all night to save his life.

TWO AMERICAN MEDIATORS TO MEET MEXICANS AT NIAGARA FALLS, ONTARIO

Frederick W. Lehmann, Former Solicitor-General

The United States will be represented at the peace conference for the settlement of the Mexican trouble at Niagara Falls, Canada, by Associate Supreme Court Justice Joseph Rucker Lamar and Frederick W. Lehmann, who was solicitor-general in the Taft administration.

Mr. Lehmann has a deep knowledge of international law, while Justice Lamar has paid attention in his

Associate Supreme Court Justice Joseph Rucker Lamar

Supreme Court work to such questions. For several days both were in Washington consulting with Secretary of State William J. Bryan and the president. It is understood that both go to the conference with the demand that General Huerta must be eliminated from the Mexican situation. It is supposed that the conferees named by General Huerta will be as strongly opposed to such a concession.

SUNDAY SCHOOL CONVENTION BEGINS TWO DAYS SESSION

With a hundred delegates and many visitors present, the joint convention of the Santa Ana District Sunday School Association and the Santa Ana Valley Baptist Sunday School Association opened this morning in the First Presbyterian church for a two-days session. The church was charmingly decorated with feathery mustard and greenery used in profusion artistically. The convention was presided over by Rev. Paul Stevens, president of the Santa Ana District Sunday School Association, and opened with a praise service at 9:30 o'clock. Besides the appointment of committees and discussions of the various subjects, the program was as follows:

Bible Lecture, Dr. J. H. Hunter, Los Angeles; Teen Age Supervision, Mrs. H. A. Dowling, Los Angeles; Weaklings or Heroes, A. V. Kimmel, Whittier; The Pastor's Problem—Church Attendance, Rev. R. B. White-side, Fullerton; Our Standard of Excellence, Dr. H. A. Dowling, General Secretary of Southern California Sunday School Association.

Afternoon Session With Mrs. O. S. Catland presiding, the afternoon session was marked by a larger attendance, as many of the

delegates from Riverside and San Bernardino counties which with Orange county are comprised in the Santa Ana Valley Baptist Association, were present, having arrived on forenoon trains. The program was opened with a song service and devotion conducted by Rev. O. S. Russell. Other features were as follows: The Link Between the School and the Home, Dr. H. A. Dowling; Sunday School League, Rev. Paul Stevens; Bible School—Evangelism, Rev. Geo. Hussar; Missionary Instructions, Miss Alice Williams, Redlands; A Local Mission Field and What We Are Doing to Reach It Educationally, Mrs. May E. Clark; Religiously, D. K. Hammond.

Evening Session Following a banquet to be served at 5:30 o'clock at the church, the evening session will open with a praise and prayer service. Prof. J. A. Baker, director of Baptist Sunday school work and Y. P. work, will give an address, and Dr. R. A. Torrey of Los Angeles will speak on "The Bible, the Word of God."

Tomorrow the forenoon session will open at 9:30 a. m. and there will also be interesting afternoon and evening sessions.

PEACE ENVOYS FROM MEXICO ARRIVE TANGO CENSURED BY THE BLUE BOOK

Mediators Are Welcomed by Presbyterian Assembly Has Canadian Officials—Plans Soon Under Way Distributed Books Among Arriving Delegates

NIAGARA FALLS, Ont., May 20.—The Mexican peace envoys arrived here at 7 o'clock this morning. The party includes the envoys, their secretaries, members of their families, and servants, the party numbering twenty-two people.

At 11 o'clock the American envoys, Lamar and Lehman and their secretaries formally paid their respects to the peace mediators at their hotel. The mediators and envoys were welcomed to Canada by Sir Joseph Pope, the Canadian under secretary, and State Minister of Agriculture Burrill and Senator Loughheed of the upper house of the Dominion parliament.

It was learned from a source close to the mediators that the American decision to make Tampico a free port for the importation of munitions of war will not interrupt the peace negotiations. It was developed, too, that oil land concessions will figure prominently in the negotiations.

IMPORTANT NOTICE To Members of the Merchants & Manufacturers' Association: A meeting of the above association is called for Friday, May 22, at 7:30 p. m. in Council Chamber, City Hall. Important matters will be discussed. J. C. METZGAR, Sec'y.

SHAKE-UP OF LONG BEACH POLICE

Most Serious Charges Made by Police Commission Are Served Today

ACTING POLICE CHIEF ALSO ASKED TO RESIGN

Accused Promise to Fight Cases Through the Highest Courts of Land

LONG BEACH, May 20.—The police commission has served charges against Chief of Police A. B. Austin and Captain of Detectives Robert O'Rourke, alleging neglect of duty in running down gamblers and illicit liquor sellers, incompetency, inefficiency, intoxication, profanity, insubordination, brutality to prisoners, conduct unbecoming of officers and acceptance of money or valuables other than salaries.

Mayor Wheaton also wrote notes asking the resignation of Lieutenant of Police Samuel Adair, acting chief since Chief Austin was recently suspended; Detectives Cervantes and Snow, stating that he had information which would be used against them unless they quit the service.

The commission will hold a public hearing of Austin's case Friday. All the accused officials promise to carry the fight through to the highest courts of the land.

POSSE PURSUING 3 BANK ROBBERS

SPOKANE, May 20.—A posse with bloodhounds, which is trailing the three bandits who robbed the State Bank of Spangle, Washington, of \$5,000 over overpowering Cashier O. W. Newton and locking him in a vault, reached Waverly today, where they believed the trio is hiding in the woods.

Other posses are searching. A message from Waverly said the posse was spreading about a canyon where the men had disappeared and that chances for their capture or a battle are bright.

After an hour beating in the brush, where it is believed the bandits had been surrounded, the posse gave up and returned, reporting the men had escaped. Other posses are still on the trail.

GOVERNMENT SHOWS HOW IT SELLS ITS OWN TIMBER

NEW YORK, May 20.—Models representing an acre of western yellow pine land in a national forest of the southwest before and after logging were shown here today by the government forestry bureau in Washington at the opening of the forests products exposition. In the model showing the stand before the lumbermen goes into it the trees range from those only a few years old to large, overmature, stag-headed individuals more than ready for the ax. In the second model the mature trees and all the others larger than a certain diameter have been cut and made into logs and cordwood. Special attention is called to the low cutting to avoid unnecessary waste.

ENGLAND DENIES FAIR PACT WITH GERMANY

LONDON, May 20.—Answering a question from the floor of the House of Commons, Under Secretary Francis Dyke Acland denied the government had any understanding with Germany regarding participation in the San Francisco Exposition, as recently reported.

The cabinet expected to consider today the request of the Parliamentary delegation to reconsider the refusal to participate.

At the request of Premier Asquith, the cabinet postponed until Monday its answer to the Commons' request for a reconsideration of the determination not to participate in the 1915 exposition at San Francisco.

He told much the same story he had given on the first trial. Rose has changed considerably since the first trial. He has lived in the country, and had reformed or pretended to reform, for he has been preaching temperance and honesty. He was calmer and showed fewer traces of the life he had led when he was a habitué of the East Side in New York.

mends County Surveyor
McBride

Deeds for some of the rights-of-way for the state highway between Santa Ana and the San Diego county line will be in the hands of County Surveyor J. L. McBride very soon, as indicated in the following letter received by him from Division Engineer W. Lewis Clark of the state highway work:

Dear Sir:—Mr. Darlington has just received a letter from Mr. G. Stern, president of the Associated Chambers of Commerce of Orange County, in which Mr. Stern has offered his assistance in securing the necessary rights of way for the State Highway from Santa Ana to the San Diego county line.

I have informed Mr. Darlington that you have been handling all right of way matters in Orange County for us in a very energetic and capable manner, and have suggested to him that he ask Mr. Stern to call upon you, as he might be able to assist you in securing some of the necessary signatures.

Within a few days we expect to send to you the right of way deeds and maps covering that section of the state highway between Galivan and the south line of the Rancho San Joaquin, and shortly thereafter the deeds and maps for any portions of the right of way which may be needed between Santa Ana and Irvine. As soon as our location between the San Diego county line and San Juan Capistrano is definitely decided upon, I will forward to you the deeds and maps covering this section.

Yours truly,
W. LEWIS CLARK,
Division Engineer.

ANNOUNCEMENT
—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 6 p. m., and by appointment.

For Sale or Exchange

Last week I used this space to tell you about 100 acres of land in the San Joaquin Valley which I want to sell, told you why I want to sell, gave you a pretty fair description of it, said I would divide it and sell 40 or 60 acres, and would even take clear cottage property as part or all payment. Now there can't be much question about the real value of this land being more than \$125.00 per acre and going considerably higher, land that is just about as level as a floor, easily worked and is now in crop, part of it with an estimated 20 sack crop of barley, part of it with a fine crop of sugar beets estimated at 20 tons, part of it in alfalfa, water stocked and only 1 1/4 miles from good little town with good schools, churches and modern conveniences, really a delightful home community. I don't know where you can equal it on this class of farming land. I will be glad to tell you about it. If you can't reach me by phone just drop me a line by mail, give your address and phone number. I also want to remind you that I have some vacant Valencia land near Villa Park which I will sell at about 1/3 of its value compared to neighboring prices and I think that about 1/3 of its value would buy by home place, 2220 North Main street. At some future date I may tell you a lot about a very desirable locality in San Luis Obispo county.

THE "LEAD SQUIRT" SHOOTING THIRTY BULLETS IN 2 2-5 SECONDS

Many regiments in the United States army, both along the Mexican border and at Vera Cruz, are equipped with the "lead squirt," a field machine gun which will shoot thirty bullets in 2 2-5 seconds, almost as many as a whole company of soldiers could fire. That is the

kind of gun the soldiers will take into Mexico if the word is given for them to advance.

The gun weighs only thirty pounds and may easily be carried by an infantryman. The pull of the trigger for the first bullet sets off the machinery for the discharge of twenty-

nine more, each cartridge being discharged by the recoil from the preceding shot. The barrel becomes so hot after 600 shots have been fired that it must be replaced with another. This operation takes twelve seconds. Each bullet will pierce forty-eight inches of pine at 100 yards, and will carry three miles.

FULLERTON BRUNTON IS AGAIN NAMED

One Trustee Voted Against
Retaining the School
Principal

Fullerton Tribune: Professor Delbert Brunton was re-elected Monday afternoon by the trustees of the Fullerton high school district to serve as principal for another year.

Trustees Stewart, Hale, Brown and Travers voted in favor of retaining Professor Brunton, while Wickert voted against him.

When it was learned that a few residents of the district were in favor of making a change in the head of the school, a large number of friends of the school from every part of the district attended the meeting Monday.

A petition signed by several hundred residents of the district was presented to the high school board urging that body to reappoint Professor Brunton. A like petition was also received from the high school faculty and from students of the Junior college.

On motion of Wickert a vote of thanks was extended to the people for taking so much interest in the school.

Mr. Bishop of La Habra, H. H. Hale of Placentia, Mr. Little, Rev. Statom, Otto des Granges, Wm. Starbuck, Mrs. Davis of La Habra, Mrs. G. W. Sherwood, Mrs. Kreibbaum, Mrs. Glenn, Mrs. Gohar and others spoke, all urging that Mr. Brunton be continued at the head of the school.

In his speech, H. H. Hale stated that the people of the district should visit the school oftener and take more interest in it.

On motion the resignations of Miss Worthley and Miss Morgan were accepted. Their successors will be elected later.

A number of applications were received for the position of engineer, but the matter went over for action at the next meeting.

All of the teachers except the two who resigned were re-elected for another year.

In an appropriate speech Mr. Brunton thanked the trustees for re-electing him and also thanked his many friends for turning out at the meeting.

TO HOLD SERVICES ON MEMORIAL DAY

Orange News: For the first time, a Memorial Day program is to be held here by Gordon Granger Post in Orange. Heretofore, the Orange and Santa Ana veterans have joined in Memorial Day services in the afternoon of that day; but this year the Orange organization, with auxiliary patriotic societies, will conduct services at Campbell's Hall.

Post Commander Leggett has issued the following general orders outlining the program for Memorial Sunday and Decoration Day as follows:

General Order No. 1
1. There will be memorial services held Sunday, May 24, at the hour of 3 p. m., at the Christian church in Orange. The discourse will be delivered by Rev. W. H. Galbraith of the Baptist church. All are cordially invited to be present.

General Order No. 2
1. Memorial Day and its sacred observances grow in solemn interest and meaning. As the years go on, may we continue to preserve the memory of our dead, as a solemn duty and privilege of the Grand Army.

2. Therefore, it is ordered that Gordon Granger Post and all of its auxiliaries are invited to meet at the I. O. O. F. hall in Orange at 9 o'clock a. m., May 30, and proceed to the cemetery, where at 10 a. m. appropriate services will be held and the green mounds of our fallen dead will be strewn with

First English Paper in Vera Cruz Raises
Laugh—Pathetic Killings—Senorita Tests U. S. Honesty

VERA CRUZ, May 8 (by mail).—"Proposes Moditation in difficulty between Mexico and the United States."

That was the caption in a recent edition of the Mexican Herald over the story of Argentina, Brazil and Chile's offer to try to settle the Mexican difficulty and Secretary of State Bryan's reply which Secretary of the Navy Daniels wirelessly to Rear Admiral Badger. The typographical error caused many a laugh in the American colony and more "watchful waiting" was predicted. The Mexican Herald is the first English newspaper ever published in Vera Cruz. Hudson, its owner, published his paper in Mexico City until he was forced to flee the capital. He immediately bought a press here and issued his first paper on Friday.

The publication of the "A.B.C." offered caused much dissatisfaction among the naval men and Americans here. They immediately conjectured that the move meant a lot more delay.

The shooting by Mexican snipers of a 16-year-old Mexican girl in a street near the Plaza was one of the most pathetic incidents of the two days' fighting. In the fighting the little girl's father was killed and she became separated from her mother.

Two Red Cross men found her alone, frightened and crying in a house in which they searched. Placing the girl between them, the Red Cross men started with her to a place of safety. On the way down the Avenida Independencia snipers fired on the party and the girl was instantly killed. So far as known she was the only female killed in the fighting.

Another shocking incident was the killing on the third night of a 12-year-old Spanish boy. At 7:30 that night the patrol went through the streets warning all natives to stay in their houses. The Spanish boy was told by his father to stay indoors but when firing began his curiosity got the better of him. He was shot and killed almost in his own doorway.

The U. S. S. Collier Orion has been the busiest ship in the harbor since the arrival of the Atlantic fleet. The Orion carried 10,000 tons of coal, enough to fill the bunkers of five dreadnoughts.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges—Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and open up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing; catarrh for a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

As soon as the Arkansas took up her position she coaled and then the

New Jersey and South Carolina emptied the Orion. Other colliers filled the bunkers of the other ships.

No matter what some Mexicans may think of the American marines, Senorita Maas, the beautiful and charming daughter of Gen. Maas, Federal Commander of Vera Cruz, has the utmost confidence in their honesty.

When General Maas and his family fled into the interior, Captain Anderson of the Florida, in charge of all the marines, occupied the Maas mansion as his headquarters. All the rooms except those occupied by Anderson and his staff were locked up.

Two days later Senorita Maas came in from Soledad where her father is camped and went to her home. She asked the guard to allow her to enter her boudoir and was apparently surprised when he took out a key from his pocket and unlocked the door. Evidently the senorita expected to find the whole house open and occupied.

Inside the room she went to her dressing table and unlocked a drawer (more surprise) drew out a jewel case. In it were rings, bracelets, necklaces and other gold and diamond jewelry worth a fortune. Finding her jewels intact, the girl calmly put them back into the drawer and locked it again.

"I shall leave them here. They are safer with los Americanos than with me in these times," she said with a bow and a smile. "Thank you, senor." And she was gone, probably the most astonished young woman in Mexico.

The refugees from Mexico City have nothing to do but sit around the Plaza cafes and talk. Consequently they hear and create and disseminate some of the most amazing stories. Baron Munchausen had nothing on the nervous and frightened Americans.

On the third night after the landing of Fletcher's marines, it was confidently believed around the Plaza that Zapata would attack the town before dawn. Then came a story that Victoriano Huerta had resigned and that Senor Lopez Portillo y Rojas had succeeded him as provisional president.

This, it was said, would satisfy the American administration and end the trouble. These are only samples of the astonishing yarns that were circulated and believed by the uninformed.

GOV. J. P. ST. JOHN WILL SPEAK HERE

Famous Temperance Orator to
Talk at First M. E. Church
Saturday Night

Former Governor of Kansas John P. St. John, veteran war horse and campaigner in the great cause of temperance and for the abolition of the deadly saloon, will address the people of Santa Ana on next Saturday night, May 23, at 8 o'clock, in the First Methodist church. He is touring California in the interest of "California Dry in 1914," and is winning large audiences and enthusiasm wherever he speaks.

As is well known Gov. St. John has been one of the great figures in the fight for the advancement of temperance, his fiery eloquence ringing like a clarion call for the cause dear to his heart and that of thousands and thousands of loyal citizens of this nation. He has been a banner bearer in the fray, and the prohibition party was proud to have him as its candidate for President during one of the national campaigns. His eighty-one years of life have not dimmed his enthusiasm or destroyed his power to portray the evils of intemperance, and the glory of the clean life.

This distinguished speaker is accompanied by a colored man who is styled a "second Caruso," and who is heralded as a wonderful singer.

CHANGE BATTERIES TO THE CITY HALL

(By Staff Correspondent.)
ORANGE, May 20.—The fire alarm system was placed in operation Monday after being out of commission since Saturday evening while the batteries were being moved from the city water works to the fire hall.

There fortunately was no occasion to use the alarm system during its period of incapacity.

Mrs. George Goetch entertained last evening in honor of her husband's sister, Miss Bertha Goetch, who is visiting here from Wisconsin. Roses were tastefully and effectively used in decorating the rooms. Whist occupied most of the evening, first award going to Earl Crawford and consolation prize to H. A. Brown. URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your
Back Hurts or Bladder
Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

feature of the event.

Those present were: Misses Bertha Goetch, Nellie Isaacson, Gladys and Elsie Elson, Mattie and Bessie Bortz; Messrs. Earl Crawford, Earl Elson, Bob Warren, Lou Bortz; Mr. and Mrs. H. A. Brown, Mr. and Mrs. Wallace Rankin, Mr. and Mrs. George Goetch.

Mrs. M. L. Willets was hostess to the Whist Club yesterday at a pretty afternoon reception given at her home, 425 East Chapman avenue.

Attractive decorations featured the affair and a pleasant afternoon was occupied with whist.

Delicious refreshments were served before the departure of the guests.

Mrs. A. R. Smith and Mrs. F. E. Hallman left this morning for Glendale, where they will attend the P. E. O. convention, which is in session there today, Thursday and Friday.

Today's session will be taken up with business and will be wound up with a reception this evening to Mrs. Prouty, national president of the P. E. O. Tomorrow the members will enjoy a motor trip of sight seeing as guests of the Glendale Board of Trade. In the afternoon they will be entertained by the Woman's Club and a banquet will be given in the evening. Business will again be resumed in Friday's session.

Mrs. H. E. Van Housen, of Salt Lake City, is a guest at the home of Mrs. C. E. Smiley of this city. Her husband is division superintendent of the Salt Lake railroad.

P. W. Ehlen and A. Dittmer made a business trip to Van Nuys today.

Miss Edith Ensign left today for the Modjeska ranch, where she will spend the summer.

A pleasant social time was had after the regular business meeting of the Ruby Rebekah Lodge Monday evening at I.O.O.F. Hall. The gentlemen belonging to the order did the entertaining. Refreshments were served and a general good time is reported. There was a good attendance.

Miss Agnes Ensign was brought home yesterday from the Santa Ana Hospital, where she had an operation nearly a month ago for appendicitis. She is reported to be doing nicely and steadily regaining her strength.

Mrs. Elizabeth Orr has returned to her home in Hollywood after a short visit with Mrs. W. E. Squires.

A pleasant surprise was carried out Saturday afternoon when several friends of Evelyn and Iva Musbach took possession of their home on North Glassell street. These little ladies and their mother expect to leave Thursday for their home in LeMars, Iowa, after spending the winter here.

The afternoon was spent with various games and refreshments were served. Those present were Idella, Eva and Inelma Christensen, Lota Blythe, Alice Adams, Thelma Spray, Florence Miller, Evelyn and Iva Musbach.

Mr. and Mrs. C. B. Swinney have moved to Riverside.

John King of El Modena left yesterday for Tracy, Iowa. He will also visit in Hamilton and Des Moines, Iowa, and in Oklahoma before returning home. He expects to be back in a month or six weeks.

Mrs. G. E. Seymour and daughter, Miss Luella Seymour, of Strathmore, Canada, are visiting their daughter and sister, Mrs. Eugene Elson, at Olive. They will probably make their home in that vicinity.

Mr. and Mrs. E. G. Bramell and daughter have returned home after an extended absence.

Mr. and Mrs. Ray Handy returned home last evening after spending several days with relatives in Long Beach.

Mrs. E. F. Hellyer entertained a few friends yesterday afternoon at her home on North Tustin street.

Miss Minna Maass will entertain the Sewing Circle girls this evening.

Mrs. J. McLaughlin of Hollywood is visiting her old school friend, Miss Kate Hubbard, on South Center street for a few days.

Mrs. John Austin of Fresno has been a guest at the home of her aunt, Mrs. W. E. Squires, northeast of Orange, for several days.

Mr. and Mrs. L. C. Gates, Mr. and Mrs. Jesse McDaniel and Mrs. Lucy Wayne spent Sunday at Venice.

Miss Bessie Bortz, who has been spending the last four months at Rialto, returned home Sunday. She spent a few days at Ontario visiting friends before leaving for home.

Mrs. W. E. Squires has received a letter from her son, Arthur Squires, of Sonora, Mexico, stating that they are all well and that there has been no fighting near there, but that times are very hard. The letter was dated May 6.

The Yeoman held a very enjoyable meeting at I.O.O.F. Hall last evening. A program consisting of a piano duet by Mrs. E. J. Brown and her daughter, Miss Clara Brown; readings by the Misses Elma Lane, Ida May Hoge and Marie Dennis; and a vocal solo by Miss Rae Mellor was a very pleasant feature. Mr. Schnitzberg of Pomona addressed the gathering also. Refreshments were served to about seventy-five people.

EVIDENTLY DESIRE TO SELL SOME STOCK

FULLERTON, May 20.—Promoters of the Aluminum Reduction Corporation, who contemplate the erection near Fullerton of an establishment for the refining of their product, will appear before the Chamber of Commerce soon and set forth their plans, hoping to enlist the support of the organization in behalf of the company.

The company, which is headed by C. W. Marshall, proposes, say its officials, to purchase forty acres of land near this city and to erect on their property a plant which will, at the beginning, employ fifty to eighty men.

The mine from which the aluminum ore will be taken, they say, is located near San Bernardino, and has been in operation for two years past. J. B. Allen, a member of the sales force of the company, who has been in Fullerton for several days past, will address the Chamber of Commerce, as will also C. W. Marshall, president of the company, and J. P. Schultz, secretary and treasurer.

GROWTH OF POPULATION

According to the estimates of the census bureau, by July 1 the United States will have a population of 109,021,992 people. This is a gain of over 7,000,000 persons in four years. Such rapid gains look alarming to some people. They begin to think that population will become too congested.

Estimates of the possible population that could be supported in the United States have varied very widely. Prof. A. P. Brigham, a leading scientist who discussed that subject in the Popular Science Monthly a few years ago, had it figured out that this country could support only 205,000,000 people. At present rates that number would be reached in less than 100 years.

The editors of that magazine, however, are much more liberal. They say that three-quarters of our land can be made productive, capable of producing fifty bushels of corn per acre. A bushel of corn has the food value to support a man about a month. That would make it possible for an acre to support four men a year.

They think therefore that 3,000,000,000 people could be fed in this country, on the present basis of production. By scientific methods the crops could be doubled. The development of the tropical regions, which are far more fertile, and exchange of the manufactures of the tropics, would, they say, permit 10,000,000,000 people to live in our territory.

In Europe every little crevice on the sunny mountain slopes is utilized for little patches of culture only a few feet wide. In this country there is gross waste everywhere. The loss of rainwater and soil and forest exhaustion, are a few of our more wanton extravagances.

The rapid growth of Uncle Sam's family is thus to be welcomed. It may not uplift average prosperity. But it is a welcome testimony to the fact that economic conditions in this country are still very much more favorable than elsewhere.

A CHALLENGE

Not one of his opponents has thus far accepted Governor Johnson's challenge to name one law passed under his administration which would repeal, or to specify one of the new commissions which they would abolish.

Not one of the governor's opponents has dared to gainsay the fact that the Railroad Commission, re-created under his administration, has effected a saving to the public of \$5,500,000 a year, or that the Board of Control has saved the state treasury \$1,500,000 a year.

No opponent of the governor has dared to declare his opposition to the Workmen's Compensation Act. The Santa Barbara Conference approved of it, and the recent Democratic conference at San Jose endorsed it.

Governor Johnson predicts that in two years the Compensation Act will be as generally popular as the Public Utilities act is today, and likens criticism of the new law at the present time to the criticism directed at the Railroad Commission two years ago.

The opponents of the governor deal in generalities but specify nothing. He challenges them to give facts and figures but they refuse.

The cost of the state government has been considerably less under Johnson's administration than before, in proportion to the increase in population and development of California, and no one has disproved or THREE-TWO can disprove, this assertion.

The spoils system has been ended by the enactment of a sweeping civil service law.

Efficiency and economy are outstanding in all branches of the state government. Governor Johnson insists that public business can and should be conducted as capably and economically as is a private business. In this particular, as well as others, California stands today as an object lesson to all governments.

Misstatements, false generalities and appeals to narrow partisanship are being and will be resorted to in the endeavors to defeat the governor. Every effort is being made to evade the issue of good government for the state.

What Papers Say About Johnson's Candidacy

SAN FRANCISCO, May 20.—The San Mateo Times, nominally Democratic and strongly reactionary, says:

"Both the Republican and Democratic parties of California seem to be floundering in a sea of political uncertainty as regards the governorship. They do not seem to be able to agree on a candidate and both parties appear to be singularly lacking in available material of a caliber that can hope to measure up to the Johnson dimensions. As a result it is now apparent that that astute politician and superb campaigner will find it easy going for another term. Such will be the result unless the other parties reach an understanding and agree to a coalition on a strong and virile candidate."

The Merced Sun, Democratic, says no one can beat Johnson "unless it be Caminetti," whose possible weakness it then proceeds to discuss.

The Placenta Enterprise makes editorial comment which is by no means friendly, but concludes as follows: "However, all must admit that Johnson has given us a good, clean administration, possibly one of the best we have ever had and no one should be blamed for voting for a good man."

The Oceanside Blade refers to the San Diego Union in the following:

"One of the ranker reactionaries and special privilege papers in the state, published not a thousand miles from San Diego, after crowing for weeks over the registration figures says in a recent editorial article that 'there are unquestionably a large number of Republicans who are satisfied in whole or in part with Governor Johnson's administration.' Just how large this number is constitutes a riddle that is keeping the interests represented by the aforesaid paper tossing on unquiet couches during the nights when people with clear consciences are peacefully sleeping. The answer in November will be of a nature to remove lingering doubts."

The Sacramento Union admits that "Johnson is easily the strongest man

in the state at present."

The on again, off again candidates which have featured the present campaign are a symptom of existing political conditions. They indicate that powerful persuasive forces are at work to send men forth to battle with Governor Johnson, but also how hopeless and futile the prospect is once the aspirant gets before the people.

The latest is the reported withdrawal of A. H. Hewitt from the race for governor as Rudolph Spreckels' candidate.

Caminetti is the most active of all the on and off agains. Boynton included both the senatorship and the governorship in his waxings and wanings.

Joe Scott of Los Angeles ran for governor about two weeks and then had enough.

Of the field remaining, many are now frankly in a state of uncertainty, and a series of "I am not a candidate" announcements may be looked for in the next few weeks.

Governor Johnson very clearly holds a large strength in the Bay regions. At his recent meeting in San Francisco several thousand people crowded into Dreamland Rink, the largest hall in the city, and there was no mistaking the acclaim with which he was received. At Richmond, Contra Costa county, last Friday night there was likewise a great demonstration for him. He spoke in Vallejo, Solano county, Saturday night and here again an overflowing crowd enthusiastically expressed its support of his candidacy. Not in one single instance in his campaign thus far in the Bay region has the governor failed of a crowded house and hearty response from his audience.

The Psychology of a Smile

With Smiling Greetings From the Editor.

In a hotel where we were staying recently the walls of our room were decorated with many neatly framed mottoes. Most of them expressed beautiful sentiments in beautiful language, some were epigrammatic and one was mildly profane—"Smile, damn you!"

It reminded me of "The Virginian." You remember that the bunch of cowboys of whom he was the beloved had a habit of calling each other pet names—the harder the name the greater the compliment. But the pet name was always accompanied by a smile. One day one of the bunch who was under suspicion of treachery called the Virginian a particularly hard name without the accompaniment of a smile. Instantly the Virginian's six-shooter was out. "When you call me that," he said, "you must smile very sweetly."

So you see that a smile sometimes makes all the difference between getting filled full of lead and being slapped lovingly on the back. And at all times a smile makes a world of difference for everybody.

Just the other day I was reading of how a man's perpetual smile and his obliging air forced his recall—to come back to his old job! The depot agent at Excelsior Springs, Mo., scored such a hit with his good nature that, when the company moved him to a bigger job, the townspeople made strenuous efforts to have him returned.

All his predecessors had been impossible and forbidding, not doing any more than was absolutely necessary. The people of Excelsior Springs were astonished when they discovered their station agent was never too busy to smile. The head office soon learned of his popularity and took prompt steps to reward him.

Congeniality is one big asset in reach of everyone. In many people cultivation is necessary, but the result is worth the effort. Congeniality brings friends. It puts money in your pocket-book. It opens up a world of pleasure you never dreamed of.

And it's all in the psychology of a smile.

GROWTH OF POPULATION

According to the estimates of the census bureau, by July 1 the United States will have a population of 109,021,992 people. This is a gain of over 7,000,000 persons in four years. Such rapid gains look alarming to some people. They begin to think that population will become too congested.

Estimates of the possible population that could be supported in the United States have varied very widely. Prof. A. P. Brigham, a leading scientist who discussed that subject in the Popular Science Monthly a few years ago, had it figured out that this country could support only 265,000,000 people. At present rates that number would be reached in less than 100 years.

The editors of that magazine, however, are much more liberal. They say that three-quarters of our land can be made productive, capable of producing fifty bushels of corn per acre. A bushel of corn has the food value to support a man about a month. That would make it possible for an acre to support four men a year.

They think therefore that 3,000,000,000 people could be fed in this country, on the present basis of production. By scientific methods the crops could be doubled. The development of the tropical regions, which are far more fertile, and exchange of the manufactures of the temperate zone for the food of the tropics, would, they say, permit 10,000,000,000 people to live in our territory.

In Europe every little cranny on the sunny mountain slopes is utilized for little patches of culture only a few feet wide. In this country there is gross waste everywhere. The loss of rainwater and soil and forest exhaustion, are a few of our more wanton extravagances.

The rapid growth of Uncle Sam's family is thus to be welcomed. It may not uplift average prosperity. But it is a welcome testimony to the fact that economic conditions in this country are still very much more favorable than elsewhere.

A CHALLENGE

Not one of his opponents has thus far accepted Governor Johnson's challenge to name one law passed under his administration which would repeal, or to specify one of the new commissions which they would abolish.

Not one of the governor's opponents has dared to gainsay the fact that the Railroad Commission, re-created under his administration, has effected a saving to the public of \$5,500,000 a year, or that the Board of Control has saved the state treasury \$1,500,000 a year.

No opponent of the governor has dared to declare his opposition to the Workmen's Compensation Act. The Santa Barbara Conference approved of it, and the recent Democratic conference at San Jose endorsed it.

Governor Johnson predicts that in two years the Compensation Act will be as generally popular as the Public Utilities act is today, and likens criticism of the new law at the present time to the criticism directed at the Railroad Commission two years ago.

The opponents of the governor deal in generalities but specify nothing. He challenges them to give facts and figures but they refuse.

The cost of the state government has been considerably less under Johnson's administration than before, in proportion to the increase in population and development of California, and no one has disproved or THREE—TWO can disprove, this assertion.

The spoils system has been ended by the enactment of a sweeping civil service law.

Efficiency and economy are outstanding in all branches of the state government. Governor Johnson insists that public business can and should be conducted as capably and economically as is a private business. In this particular, as well as others, California stands today as an object lesson to all governments.

Misstatements, false generalities and appeals to narrow partisanship are being and will be resorted to in the endeavors to defeat the governor. Every effort is being made to evade the issue of good government for the state.

The Psychology of a Smile

With Smiling Greetings From the Editor.

In a hotel where we were staying recently the walls of our room were decorated with many neatly framed mottoes. Most of them expressed beautiful sentiments in beautiful language, some were epigrammatic and one was mildly profane—"Smile, damn you!"

It reminded me of "The Virginian." You remember that the bunch of cowboys of whom he was the beloved had a habit of calling each other pet names—the harder the name the greater the compliment. But the pet name was always accompanied by a smile. One day one of the bunch who was under suspicion of treachery called the Virginian a particularly hard name without the accompaniment of a smile. Instantly the Virginian's six-shooter was out. "When you call me that," he said, "you must smile very sweetly."

So you see that a smile sometimes makes all the difference between getting filled full of lead and being slapped lovingly on the back. And at all times a smile makes a world of difference for everybody.

Just the other day I was reading of how a man's perpetual smile and his obliging air forced his recall—to come back to his old job! The depot agent at Excelsior Springs, Mo., scored such a hit with his good nature that, when the company moved him to a bigger job, the townspeople made strenuous efforts to have him returned.

All his predecessors had been impossible and forbidding, not doing any more than was absolutely necessary. The people of Excelsior Springs were astonished when they discovered their station agent was never too busy to smile. The head office soon learned of his popularity and took prompt steps to reward him.

Congeniality is one big asset in reach of everyone. In many people cultivation is necessary, but the result is worth the effort. Congeniality brings friends. It puts money in your pocket-book. It opens up a world of pleasure you never dreamed of.

And it's all in the psychology of a smile.

CRISCO For Frying—For Shortening For Cake Making (Clip This Recipe)

This Delicious and Rich Cake Costs 24 1/2c EMILY'S WHITE LAYER CAKE (By Kate B. Vaughn)

1 1/2 cupsful sugar05c
1/2 cupful Crisco04 1/2
1 cupful water10
Whites 3 eggs10
3 cupsful flour03
1/2 teaspoonfuls baking powder01
1 teaspoonful salt01
1 teaspoonful flavoring01
Total24 1/2c

Cream Crisco, add sugar and cream together. Sift dry ingredients and add alternately with milk. Add flavoring, beat mixture thoroughly, and last fold in stiffly beaten whites of eggs. Grease layer cake tin with Crisco, pour in cake mixture and bake in a moderate oven for fifteen minutes. Note: Cream Crisco and sugar more thoroughly than you would butter, as there is no moisture in Crisco to dissolve the sugar. Use level measurements. Use your favorite icing.

This cake will weigh when baked about 2 1/2 pounds. The very best cake usually sells for 40c per pound. Figuring on this basis, this cake would cost, baked, \$1.00. You can bake it for 24 1/2c—a saving of 75 1/2c.

Free Cook Book A book of 250 recipes and valuable culinary information by Marion Harris Neil, Cookery Editor, Ladies' Home Journal, will be sent upon request. "WEENIE" BAKE

Men Were Hosts at Evening Meet of Young Married People's Class of M. E. Church

H. A. Wassum, in anticipation of the advent of a merry party of expected guests last evening, built a huge bonfire on the spacious grounds surrounding the Wassum home, yesterday afternoon at 5 o'clock. So it may well be believed that the flames were crackling gaily when the guests arrived in automobiles and otherwise after darkness had fallen. The occasion was the monthly meeting of the Young Married People's Class of the First Methodist church, and a "weenie" bake was the projected event of the evening. Hence the out-of-doors fire.

The scene was fascinating. The great trees in the yard were strung with gayly colored Japanese lanterns whose lights flickered merrily as the lanterns swung in the evening zephyrs. Forty members of the class and their friends gathered around the splendid bonfire where boxes had been invitingly placed for those who felt inclined to rest occasionally. The "weenies" were roasted in a huge wire basket, while the men, who by the way were the hosts of the evening, turned them with great spoons and forks. Others of the men distributed crisp buns, the finest of coffee enriched with pure "home-grown" cream native to the Wassum ranch; delicious cookies made by Mrs. Wassum, oranges and nuts, not to mention other goodies. Besides all this, the guests were given the entrée to the milk house where they were privileged to help themselves to lovely rich cream to their hearts' desire. Merriment reigned supreme and it will be many a long day before the famous weenie bake at the Wassum ranch will be forgotten by those fortunate enough to be there. That Mr. and Mrs. Wassum are ideal hosts was unanimously and enthusiastically conceded.

A Musical Delight

Those who were present at the First Presbyterian Church last evening were delightfully entertained with music by Mr. Harry Garstang, the organist of that church, and Miss Hornby, soprano. The evening was spent with old songs, and the memories brought to mind by them. Miss Hornby is an artist in every way. To the vocal student her rendition is a pleasure to study. She gives an artistic touch to her singing that is "all her own."

Mr. Garstang's work is well known here and was fully up to his usual fine standard.

Emma Sanson Chapter

Emma Sanson Chapter, U.D.C., will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. T. J. Houghton, 429 South Sycamore street. All members are urged to be present, as election of officers will take place.

At Lincoln School

There will be a meeting of the Parent Teachers Association in the kindergarten room of the Lincoln School at 3 p. m. on Thursday, May 21. This will be the last meeting of the year and the final decision on pictures will be made. This is the beginning of a new financial year and members are requested to take their dues. All friends and members of the association are invited to be present.

GOOD ENTERTAINMENT

Spurgeon P.-T. Association Gave Pleasure With Excellent Program Last Night

The entertainment given last night in the auditorium of Spurgeon grammar school was a decided success both financially and socially. The general public responded generously, the sum of \$26.55 being realized. The orchestra gave the opening numbers and added greatly to the pleasure of the patrons.

The kindergarten band was a "howling success" though the instruments used were only rattles, tambourines, drums and a horseshoe for a triangle. Nothing marred the success of the wee tots but the distress of one small damsel whose white shoes became soiled to her great dismay.

A pretty flag drill was next given, the children showing clearly how carefully they had been trained. A pretty playlet by the first grade was the next number, the children making it understood that to celebrate a May Day properly requires brownies, robin red breasts, butterflies, flowers, a May pole and a queen, then it is a real May Day. The children impersonated these necessities in a very pleasing manner and this number was much applauded.

Miss Naomi Lilly gave a splendid reading entitled "Gazelle and Swan," which was so heartily enjoyed that she responded with a very humorous reading. The closing number was the comedy sketch "Packing the Missionary Barrel," Mrs. E. V. S. Pomery as Mrs. Brown, hostess to the "sassy" who packed the barrel was everything to be desired as to costume and hospitality. The costumes alone were "gems" in themselves, a waist of handkerchiefs being particularly admired, as well as the harmonious colors. Before packing the barrel a mouse created consternation among the ladies, one fainting clear away and others requiring smelling salts. And of all the things that went into that missionary barrel! The gift of the old maid, Miss Film who sent the missionary a doll for his lamp to sit on made the life of the evening, though the most useful gift was a pair of mittens with the fingers stuffed with bills. When the barrel was finally packed, even to a useless umbrella, the curtain dropped as the ladies dispersed to go to their homes. The mothers who presented this sketch can be congratulated upon their success.

The next meeting of the association will occur on the first Tuesday of June and will be an evening meeting.

May Attend Medical Meet

It is announced from the headquarters of the American Institute of Homopathy, which was the first national medical school to be organized in this country, that local practitioners, Dr. H. M. Robertson, Dr. Willaella Howe Waffle and Dr. W. H. Hill, are expected to take part in the seventieth annual meeting of the Institute to be held at Atlantic City, June 29 to July 4.

Missionary Meeting

The regular meeting of the Woman's Foreign Missionary Society of the First Baptist church, was held yesterday in the Intermediate Christian Endeavor room in the basement of the new church, the parlor being filled with the new chairs. The noise of hammer and saw, used in placing the chairs, was heard, but in spite of all the difficulties a very enthusiastic and entertaining meeting was held. The Endeavor room was prettily decorated with Shasta daisies.

The meeting was opened by the president, Mrs. O. S. Catland, and as the lady who was to have been in charge of the devotionals was absent, Scripture verses were recited from memory, followed by the singing of "Work for the Night Is Coming," Mrs. Wells then leading in prayer.

After the business session, Mrs. Horace McPhee took charge of the program, "Africa" being the topic. She gave an interesting talk on Livingston's and Stanley's work. Mrs. Bibber gave a fine address, and those present learned that there are great possibilities in "Darkest Africa." It was a pleasant and profitable meeting, and all caught a greater view of the missionary work carried on by the church.

WOMAN'S CLUB

"What Are We Here For," Was Interesting Topic at Tuesday's Meeting

The Woman's Club met yesterday afternoon at the home of Mrs. B. Utley. Mrs. Frank Ey had the program in charge. Her subject was "What Are We Here For?" A very able paper of twenty minutes gave her reasons, and in turn each member expressed her opinion of the question. The main thoughts were: "We are here, even if we know not for what purpose, and the part we have to perform in this life is to follow the teachings of the great Master and obey the Golden Rule." A great variety of ideas was advanced as to what all had accomplished, and a very enthusiastic meeting closed.

The following communication from the State Federation was read and endorsed by the Woman's Club:

"A state-wide movement to give the children of California the full benefit of the public school kindergarten law has been started by the Federation of Women's Clubs, and is to be pushed vigorously."

"The plan is to interest the parents of all children of school age. The strong influence of kindergarten for good on the personal characteristics, as well as the work, of boys and girls, both in the school room and on the playground, throughout the most impressionable years of 'growing up' has been proved, it is declared, in the experience of school superintendents and teachers. It is said to be equally conspicuous in the experience of those who have the care of children in hospitals, orphanages and other institutions."

"Each individual Woman's Club in the California Federation is to carry on, in its own town or city, the work proposed in a resolution adopted by the Federation's recent convention on motion of the Contemporary Club of Redlands. Already active campaigns are under way in a number of places. 'The report just issued from Washington by the United States government's Bureau of Education shows that California stands eleventh among the states of the Union in the facilities it provides for its young children's education. It is proposed to put it in first place in this respect, as it already is in so many other important developments in the direction of good citizenship.'"

Parliamentary Section

The Ebell Parliamentary Section will hold its regular meeting on Thursday afternoon at the home of Mrs. J. B. Rowland. Mrs. Marks will conduct the class and the subject will be "Resolutions and Amendments."

Under Behymer Management

The wide circle of friends of Mrs. Minna Roper Viersen and Mrs. Ruth Deardorff Shaw will be pleased to know that these two sterling musicians will give their recitals for next season under the management of L. E. Behymer of Los Angeles, one of the most successful impresarios of this country.

At the Ebell Day Nursery

Another of those happy birthday parties has happened at the Day Nursery. Little Miss Tina Ilias attained her sixth birthday yesterday, the second birthday she has celebrated in the Day Nursery, her fourth annual milestone being reached there. A nice dinner was served yesterday, the crowning feature being a white frosted birthday cake with six pink candies, the gift of Mrs. Horace McPhee. Pink roses and dainty white flowers were used on the table, but the prettiest sight of all was the happy face of the little honoree and those of her companions, as they sat about the table. There were fourteen children at the table, and after the feast, the group joined in a hunting game and various other merry plays.

Anniversary Banquet

Celebrating the founding of the Santa Ana Mayflower Lodge No. 365, Fraternal Union of America, a goodly number of members of this order sat down to a sumptuous chicken supper served at 7 o'clock Monday night in the banquet room of the G. A. R. Hall. Under the able leadership of Mrs. W. H. A. Walbridge, chairman of the arrangements committee, the tables were beautifully decorated with red carnations.

Following a business session of the lodge held after the supper, the members remained for a social hour during which jolly games were enjoyed.

Leave For the East

Miss Louella M. Scott and her brother Robert left Tuesday via the Southern Pacific for their home in Loveland, Ohio, after spending several months here, and in Northern California, but most of the time in Santa Ana, with which place they are very much in love.

They have numerous relatives here, among them two aunts, Mrs. E. Davis and Mrs. Maria Scott; also cousins, including Medadmas Roubush, Smiley, Geo. Thacker, and Scott Wiles, besides a host of friends made during their sojourn here, all of whom regretted to see them leave, but who hope for their return in the near future.

COMPLAINT IS MADE AGAINST HAULERS

City Marshal Jernigan has received a number of complaints against gravel haulers. It is stated that in traveling on North Main street the teamsters take the right car tracks. AMUSEMENTS

At Clune's Theatre

"An Easter Lily" (Vita-graph comedy). This is an amusing picture in black and white. Little Bobby Connelly (Sonny Jim), whose natural and artistic acting is wonderful, rises up Lily, the colored washday's little daughter, with an Easter outfit and escorts her to church and into the family pew with a dignity worthy of his General-uncle, as Sonny denominates him. This picture is a real comedy, and Elaine Sterne, the author, is to be complimented for evolving the story. Telf Johnson, in the direction, has done full justice to details. Ada Utley as Lily is the acme of naturalness. The cast, without exception, is eminently satisfactory. This picture will be shown at Clune's Theatre Thursday and Friday, May 21 and 22.

At the Lyric

"Out of the Far East" is the title of a big two part feature which is being presented at the Lyric Theatre today, and judging by the comments of approval, this strange and mystifying drama will meet with a big audience at the night performances. Two other high class reels are also being shown, which go to make up a very pretty program, for which this popular playhouse is noted.

REPUBLICANS MEET IN WEST VIRGINIA

CHARLESTON, W. Va., May 20.—With several hundred delegates in attendance, the Republican State Convention was called in this city today by Chairman Thomas J. Sherrard. Changes in rules governing election of delegates to the next national convention and changes in the basis of representation were matters scheduled for discussion.

In connection with the apportionment of delegates to the present convention it was noticed that each district was represented by one delegate for each 250 voters contributing to the combined vote of the Republicans and Progressives in the last general election.

Those who were present at the First Presbyterian Church last evening were delightfully entertained with music by Mr. Harry Garstang, the organist of that church, and Miss Hornby, soprano. The evening was spent with old songs, and the memories brought to mind by them. Miss Hornby is an artist in every way. To the vocal student her rendition is a pleasure to study. She gives an artistic touch to her singing that is "all her own."

Mr. Garstang's work is well known here and was fully up to his usual fine standard.

Emma Sanson Chapter

Emma Sanson Chapter, U.D.C., will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. T. J. Houghton, 429 South Sycamore street. All members are urged to be present, as election of officers will take place.

At Lincoln School

There will be a meeting of the Parent Teachers Association in the kindergarten room of the Lincoln School at 3 p. m. on Thursday, May 21. This will be the last meeting of the year and the final decision on pictures will be made. This is the beginning of a new financial year and members are requested to take their dues. All friends and members of the association are invited to be present.

Our present season has been quite the most successful of all despite the prevailing stringency of the past months in commercial circles.

We are already laying plans for next year's work, which must be broader, better and in every way more efficient than in the past.

We want your continued help and interest to make it so.

GOOD ENTERTAINMENT

Spurgeon P.-T. Association Gave Pleasure With Excellent Program Last Night

The entertainment given last night in the auditorium of Spurgeon grammar school was a decided success both financially and socially. The general public responded generously, the sum of \$26.55 being realized. The orchestra gave the opening numbers and added greatly to the pleasure of the patrons.

The kindergarten band was a "howling success" though the instruments used were only rattles, tambourines, drums and a horseshoe for a triangle. Nothing marred the success of the wee tots but the distress of one small damsel whose white shoes became soiled to her great dismay.

A pretty flag drill was next given, the children showing clearly how carefully they had been trained. A pretty playlet by the first grade was the next number, the children making it understood that to celebrate a May Day properly requires brownies, robin red breasts, butterflies, flowers, a May pole and a queen, then it is a real May Day. The children impersonated these necessities in a very pleasing manner and this number was much applauded.

Miss Naomi Lilly gave a splendid reading entitled "Gazelle and Swan," which was so heartily enjoyed that she responded with a very humorous reading. The closing number was the comedy sketch "Packing the Missionary Barrel." Mrs. E. V. S. Pomerooy as Mrs. Brown, hostess to the "society" who packed the barrel was everything to be desired as to costuming and hospitality. The costumes alone were "gems" in themselves, a waist of handkerchiefs being particularly admired, as well as the harmonious(?) colors. Before packing the barrel a mouse created consternation among the ladies, one fainting clear away and others requiring smelling salts. And of all the things that went into that missionary barrel! The gift of the old maid, Miss Elma who sent the missionary a dolly for him to sit on made the hit of the evening, though the most useful gift was a pair of mittens with the fingers stuffed with bills. When the barrel was finally packed, even to a useless umbrella, the curtain dropped as the ladies dispersed to go to their homes. The mothers who presented this sketch can be congratulated upon their success.

The next meeting of the association will occur on the first Tuesday of June and will be an evening meeting.

May Attend Medical Meet

It is announced from the headquarters of the American Institute of Homoeopathy, which was the first national medical school to be organized in this country, that local practitioners, Dr. H. M. Robertson, Dr. Willa Howe Waffle and Dr. W. H. Hill, are expected to take part in the seventieth annual meeting of the Institute to be held at Atlantic City, June 29 to July 4.

Missionary Meeting

The regular meeting of the Woman's Foreign Missionary Society of the First Baptist church, was held yesterday in the Intermediate Christian Endeavor room in the basement of the new church, the parlor being filled with the new chairs. The noise of hammer and saw, used in placing the chairs, was heard, but in spite of all the difficulties a very enthusiastic and entertaining meeting was held. The Endeavor room was prettily decorated with Shasta daisies.

The meeting was opened by the president, Mrs. O. S. Catland, and as the lady who was to have been in charge of the devotionals was absent, Scripture verses were recited from memory, followed by the singing of "Work for the Night is Coming," Mrs. Wells then leading in prayer.

After the business session, Mrs. Horace McPhee took charge of the program, "Africa" being the topic. She gave an interesting talk on Livingston's and Stanley's work. Mrs. Blythe gave a fine address, and those present learned that there are great possibilities in "Darkest Africa." It was a pleasant and profitable meeting, and all caught a greater view of the missionary work carried on by the church.

WOMAN'S CLUB

"What Are We Here For," Was Interesting Topic at Tuesday's Meeting

The Woman's Club met yesterday afternoon at the home of Mrs. B. Utley. Mrs. Frank Ey had the program in charge. Her subject was "What Are We Here For?" A very able paper of twenty minutes gave her reasons, and in turn each member expressed her opinion of the question. The main thoughts were: "We are here, even if we know not for what purpose, and the part we have to perform in this life is to follow the teachings of the great Master and obey the Golden Rule." A great variety of ideas was advanced as to what all had accomplished, and a very enthusiastic meeting closed.

The following communication from the State Federation was read and endorsed by the Woman's Club:

"A state-wide movement to give the children of California the full benefit of the public school kindergarten law has been started by the Federation of Women's Clubs, and is to be pushed vigorously."

"The plan is to interest the parents of all children of school age. The strong influence of kindergarten for good on the personal characteristics, as well as the work of boys and girls, both in the school room and on the playground, throughout the most impressionable years of 'growing up' has been proved, it is declared, in the experience of school superintendents and teachers. It is said to be equally conspicuous in the experience of those who have the care of children in hospitals, orphanages and other institutions."

"Each individual Woman's Club in the California Federation is to carry on, in its own town or city, the work proposed in a resolution adopted by the Federation's recent convention on motion of the Contemporary Club of Redlands. Already active campaigns are under way in a number of places. 'The report just issued from Washington by the United States government's Bureau of Education shows that California stands eleventh among the states of the Union in the facilities it provides for its young children's education. It is proposed to put it in first place in this respect, as it already is in so many other important developments in the direction of good citizenship.'"

Parliamentary Section

The Ebell Parliamentary Section will hold its regular meeting on Thursday afternoon at the home of Mrs. J. B. Rowland. Mrs. Marks will conduct the class and the subject will be "Resolutions and Amendments."

Under Behymer Management

The wide circle of friends of Mrs. Minna Roper Viersen and Mrs. Ruth Deardorff Shaw will be pleased to know that these two sterling musicians will give their recitals for next season under the management of L. E. Behymer of Los Angeles, one of the most successful impresarios of this country.

At the Ebell Day Nursery

Another of those happy birthday parties has happened at the Day Nursery. Little Miss Tina Hias attained her sixth birthday yesterday, the second birthday she has celebrated in the Day Nursery, her fourth natal milestone being reached there. A nice dinner was served yesterday, the crowning feature being a white frosted birthday cake with six pink candles, the gift of Mrs. Horace McPhee. Pink roses and dainty white flowers were used on the table, but the prettiest sight of all was the happy face of the little honoree and those of her companions, as they sat about the table. There were fourteen children at the table, and after the feast, the group joined in a hunting game and various other merry plays.

Anniversary Banquet

Celebrating the founding of the Santa Ana Mayflower Lodge No. 365, Fraternal Union of America, a good number of members of this order sat down to a sumptuous chicken supper served at 7 o'clock Monday night in the banquet room of the G.A.R. Hall. Under the able leadership of Mrs. W. H. A. Walbridge, chairman of the arrangements committee, the tables were beautifully decorated with red carnations.

Following a business session of the lodge held after the supper, the members remained for a social hour during which jolly games were enjoyed.

Leave For the East

Miss Louella M. Scott and her brother Robert left Tuesday via the Southern Pacific for their home in Loveland, Ohio, after spending several months here, and in Northern California, but most of the time in Santa Ana, with which place they are very much in love.

They have numerous relatives here, among them two aunts, Mrs. E. Davis and Mrs. Maria Scott; also cousins, including Mesdames Rondebush, Smiley, Geo. Thacker, and Scott. Wiles, besides a host of friends made during their sojourn here, all of whom regretted to see them leave, but who hope for their return in the near future.

COMPLAINT IS MADE AGAINST HAULERS

City Marshal Jernigan has received a number of complaints against gravel haulers. It is stated that in traveling on North Main street the teamsters take the right car tracks. That makes it necessary for an automobile in passing either to go to the right, which is an offense against the rules of the road and the state law, or to the left, which swings the automobile out past the center of the street to the left, which is dangerous.

AMUSEMENTS

At Clune's Theatre

"An Easter Lily" (Vita-graph comedy). This is an amusing picture in black and white. Little Bobby Connelly (Sonny Jim), who is a natural and artistic actor is wonderful, right up to the colored washday's little daughter, with an Easter outfit and escorts her to church and into the family pew with a dignity worthy of his General-uncle, as Sonny denominates him. This picture is a real comedy, and Elaine Sterne, the author, is to be complimented for evolving the story. Teft Johnson, in the direction, has done full justice to details. Ada Utley as Lily is the acme of naturalness. The cast, without exception, is eminently satisfactory. This picture will be shown at Clune's Theatre Thursday and Friday, May 21 and 22.

At the Lyric

"Out of the Far East" is the title of a big two part feature which is being presented at the Lyric Theatre today, and judging by the comments of approval, this strange and mystifying drama will meet with a big audience at the night performances. Two other high class reels are also being shown, which go to make up a very pretty program, for which this popular playhouse is noted.

REPUBLICANS MEET IN WEST VIRGINIA

CHARLESTON, W. Va., May 20.—With several hundred delegates in attendance, the Republican State convention was called in this city today by Chairman Thomas L. Sherrard. Changes in rules governing election of delegates to the next national convention and changes in the basis of representation were matters scheduled for discussion.

In connection with the apportionment of delegates to the present convention it was noticed that each district was represented by one delegate for each 250 voters contributing to the combined vote of the Republicans and Progressives in the last general election.

BIG TROLLEY JAUNT, PLAN

Rates Granted M. & M. for Excursion to Be Held in July

A trolley excursion held under the auspices of the Merchants and Manufacturers' Association will be held in July, it was practically decided at last night's meeting of the Association. Owing to a number of events already scheduled for June, including the Huntington Beach Pier Day celebration, Orange County Day and the run, on June 10, to Torrance by the Santa Ana Automobile Club, it was decided that the most convenient date for the trolley excursion would be some time in July.

The Pacific Electric has agreed to make an excursion rate of \$1.50 for each passenger, and no reduction for children, the trip scheduled as follows: Santa Ana to Long Beach, Long Beach to San Pedro (Point Firmin), Point Firmin to Redondo Beach (via Watts), Redondo Beach to Venice, Venice to Soldiers Home, Soldiers Home to Los Angeles, Los Angeles to Santa Ana.

The railway management has agreed to provide sufficient equipment to handle the traffic. The M. and M. must guarantee not less than 100 tickets before the P. E. will place the special \$1.50 rate in effect.

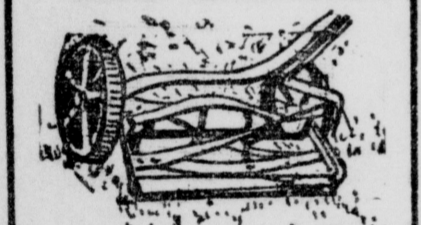

At last night's meeting Fred Parsons was chosen as a director to succeed R. M. Morrill.

NEWSY NEWS FROM NEW YORK

By Carlton Ten Eyck

NEW YORK, May 19.—"Never in their worst days were the blackest centers of Russia, and other European countries where anarchy is fostered, any worse than a certain section of New York in regard to breeding spots for agitation against established government."

That statement made a few days ago by one of the most prominent of New York's police officials, and a man who has studied anarchy and anarchism for thirty years along with his study of crime, aptly tells the situation in this metropolitan center of the "Home of the Free." There isn't a shadow of a doubt that anarchists and radical agitators generally have a freer rein in New York today than they have ever had before. And, strange to say, the man who is insisting on giving the "public forum"

Little Susan — "Oh, Anty Drudge, I wish mama would give me a party, but she says she has so much to do she hasn't got any time to think about such things. I have just been to May's party and I had a lovely time. Mama told me to be sure and tell May's mother I had a pleasant time, so I told her as soon as I got there for fear I'd forget."

Anty Drudge—"You come right along with me. I'll go up and see your mother and tell her how to do her work with Fels-Naptha Soap. She'll soon get rested and strong and find she has plenty of time to give you a little pleasure."

Fels-Naptha Soap in cool or lukewarm water dissolves grease and then the washing and rinsing make it disappear. Fels-Naptha takes stains out of clothes, makes them sweet, clean and white and does not hurt delicate materials. Fels-Naptha does everything for you in half the time with less than half the trouble it used to take. It works best in cool or lukewarm water.

Better buy it by the box or carton. Follow easy directions on Red and Green Wrapper.

BIG TROLLEY JAUNT, PLAN

Rates Granted M. & M. for Excursion to Be Held in July

A trolley excursion held under the auspices of the Merchants and Manufacturers' Association will be held in July. It was practically decided at last night's meeting of the Association. Owing to a number of events already scheduled for June, including the Huntington Beach Pier Day celebration, Orange County Day and the run, on June 10, to Torrance by the Santa Ana Automobile Club, it was decided that the most convenient date for the trolley excursion would be some time in July.

The Pacific Electric has agreed to make an excursion rate of \$1.50 for each passenger, and no reduction for children, the trip scheduled as follows: Santa Ana to Long Beach, Long Beach to San Pedro (Point Pinos), Point Pinos to Redondo Beach (via Watts), Redondo Beach to Venice, Venice to Soldiers Home, Soldiers Home to Los Angeles, Los Angeles to Santa Ana.

The railway management has agreed to provide sufficient equipment to handle the traffic. The M. & M. must guarantee not less than 100 tickets before the P. E. will place the special \$1.50 rate in effect.

At last night's meeting Fred Parsons was chosen as a director to succeed R. M. Morrill.

NEWSY NEWS FROM NEW YORK

By Carlton Ten Eyck

NEW YORK, May 19.—"Never in their worst days were the blackest centers of Russia, and other European countries where anarchy is fostered, any worse than a certain section of New York in regard to breeding spots for agitation against established government."

That statement made a few days ago by one of the most prominent of New York's police officials, and a man who has studied anarchy and anarchism for thirty years along with his study of crime, aptly tells the situation in this metropolitan center of the "Home of the Free." There isn't a shadow of a doubt that anarchists and radical agitators generally have a freer rein in New York today than they have ever had before. And, strange to say, the man who is insisting on giving the "public forum"

Little Susan—"Oh, Anty Drudge, I wish mama would give me a party, but she says she has so much to do she hasn't got any time to think about such things. I have just been to May's party and I had a lovely time. Mama told me to be sure and tell May's mother I had a pleasant time, so I told her as soon as I got there for fear I'd forget."

Anty Drudge—"You come right along with me. I'll go up and see your mother and tell her how to do her work with Fels-Naptha Soap. She'll soon get rested and strong and find she has plenty of time to give you a little pleasure."

Fels-Naptha Soap in cool or lukewarm water dissolves grease and then the washing and rinsing make it disappear. Fels-Naptha takes stains out of clothes, makes them sweet, clean and white and does not hurt delicate materials. Fels-Naptha does everything for you in half the time with less than half the trouble it used to take. It works best in cool or lukewarm water.

Better buy it by the box or carton. Follow easy directions on Red and Green Wrapper.

speakers" and agitators the loosest sort of "free speech" rein is no other official than Mayor Mitchell, who recently narrowly escaped assassination at the hands of a poor maniacal old crank whose mind no doubt has become violently twisted through hearing day after day everything from God to government denounced by anarchists in the public squares.

Of course, some of these public forum speakers represent honest, God-fearing reasonable organizations, such as union labor, etc., which are protesting reasonably against certain conditions that even the most conservative, tory-minded individuals admit are all wrong. But the majority of these speakers are preaching anarchy, as black and destructive as can be heard anywhere.

At Union Square, at the foot of Benjamin Franklin's statue in Park Row, in Rutgers Square, and other public rostrums these speakers exhort crowds. It is not infrequent that a Socialist speaker and an anarchist or an I. W. W. exhorter begin to talk at the same time and within a few feet of each other. When this happens, the speakers make it fun for the crowds by heaping abuse on each other's heads.

The occupation of Vera Cruz and the Trinidad, Colo., coal strike in which militiamen and strikers shot each other down, furnished basis for such talk by these speakers. The two events first brought to general notice "Sweet Marie" Ganz, Reba Edelson, Gussie Miller, and other girls who follow Emma Goldman, Alexander Berkman, "Wild Joe" O'Carroll, who led the church riots, and the teachers at the Ferrer School of Anarchy.

"Sweet Marie" Ganz, by the way, was so named in irony, by the police because of her foul tongue when haranguing mobs. Besides threatening to kill John D. Rockefeller, Jr., on sight, the Ganz girl, cursed and blasphemed, hurled vile epithets at men or women in the crowd who annoyed her by jeering or asking her questions, and made herself generally the very opposite of the name the police gave her.

Marie is a pink and white complexioned girl of 23. Her figure is of the voluptuous type and her eyes and mouth are extremely sensuous. If she did not follow too closely the habits of Emma Goldman in dressing she would make rather an attractive girl. Women critics might say that Marie's figure is sloppy or inclining to fat.

The Edelson girl, who they say is extremely jealous of Marie because of the latter's ability to "pull the limit and get away with it," until she was finally jailed for sixty days for threats, was thrown into a Tombs cell after causing a riot by her exhortations. Reba, or Becky as she prefers to be called, is very nice looking. She is slight and exceedingly well proportioned and is very tidy in her dress. Maybe that's one reason Marie doesn't get along so well with Reba. All these women call themselves "Red Virgins," and "Red Angels." The police say it ought to be "Black Angels."

There are 8000 working girls of New York City who are not going to stick in the stuffy old office city during the hot spell this summer. These girls, members of the Vacation Savings Fund Association have been planning their vacations during the cold and dreary winter months, and they have something like \$10,000 to spend on a good, healthy vacation. None of the members of the Association get more than \$15 or \$20 a week. By far the big majority average around \$6 and \$12 weekly. The Vacation Savings Association was planned by several wealthy women of the city who take charge of the funds and chaperone the vacations. These wealthy women have contributed not one penny toward the fund. The girls do it all themselves. During the winter, under the direction of their patronesses they give entertainments and dances which bring in some of the money. The remainder is gathered through a tax levied on their salaries and put away during the winter. At one entertainment at Grand Central Palace last winter, the girls took in \$5000.

COMPLETE PACKING HOUSE BE PART OF ORANGE SHOW

SAN BERNARDINO, May 19.—A complete packing house in full operation is to be a feature of the fifth National Orange Show in this city next February. Plant Your Own Trees at North Whittier Heights

THE "CREAM" OF ORANGE, LEMON, GRAPE FRUIT, AND AVOCADO LAND SUBDIVISION.

Mr. Citrus Nurseryman! Why not plant some of your citrus trees on a portion of our North Whittier Heights subdivision and realize several times the amount of profits you would make in selling the trees?

We are making an exceptionally attractive offer to citrus nurserymen who wish to secure a choice piece of land on which to plant some of their nursery stock.

Some of the most successful orchardists and nurserymen in the state have invested in our North Whittier Heights citrus land subdivision, which is an assurance that the property has the essential conditions of soil, water and climate necessary for success and that the prices at which it is being sold, in subdivisions of 5 to 50 acres are right.

Call at our office and let us tell you of North Whittier Heights and our special offer to nurserymen, or, if it is not convenient for you to call, phone or write us for full information and descriptive folder of the property. Automobile trips to the tract daily.

LOS ANGELES PRODUCE MARKET

A few Royal Anne cherries were received from the Courland district yesterday. There have been a number of shipments of white cherries, but they are not of the real Royal Anne variety. So far the white cherries have been small, and not at all pleasant comparisons with the fine red cherries that have been coming in. Receipts of currants from the north were reported. A few gooseberries also came in. The berry receipts were only fair, and prices are holding firm. Raspberries are selling lower than any other variety at this time. Loganberries are plentiful.

There was no change in the market of staples in any product. Egg receipts were 580 cases. Sales were normal and arrivals from the East were light. Northern eggs are still coming in, and a car of Chinese eggs was reported. Butter receipts were 7,620 pounds. Creamery extra is none too plentiful, while second grades are not hard to get. Cheese receipts were 3120 pounds. The call for Eastern is good, and prices steady. Potatoes moved freely. Only 1850 sacks were received from the outside. The onion market was very firm. Receipts have been rather light for the past two or three days. Beans and sweet potatoes were in light receipt. Apple arrivals totaled 541 boxes.

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Fifteen Thousand (\$15,000.00) Dollars of Westminster School District of Orange County, California, will be received by the Board of Supervisors of Orange County, June 3, 1914.

Each of said bonds shall be dated July 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually, said principal and interest to be payable at the office of the Treasurer of Orange County, California.

Said bonds are fifteen (15) in number of One Thousand (\$1,000.00) Dollars each, payable as follows: to-wit: Bond No. 1, \$1,000.00, payable July 1, 1915; Bond No. 2, \$1,000.00, payable July 1, 1916; Bond No. 3, \$1,000.00, payable July 1, 1917; Bond No. 4, \$1,000.00, payable July 1, 1918; Bond No. 5, \$1,000.00, payable July 1, 1919; Bond No. 6, \$1,000.00, payable July 1, 1920; Bond No. 7, \$1,000.00, payable July 1, 1921; Bond No. 8, \$1,000.00, payable July 1, 1922; Bond No. 9, \$1,000.00, payable July 1, 1923; Bond No. 10, \$1,000.00, payable July 1, 1924; Bond No. 11, \$1,000.00, payable July 1, 1925; Bond No. 12, \$1,000.00, payable July 1, 1926; Bond No. 13, \$1,000.00, payable July 1, 1927; Bond No. 14, \$1,000.00, payable July 1, 1928; Bond No. 15, \$1,000.00, payable July 1, 1929.

The bonds will be sold for cash only and at not less than par and accrued interest. The purposes for which said bonds were voted were and are for the purpose of raising money for purchasing school lots, for building one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of ten per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Westminster School District in said county for the year 1913 is \$651,090.00, exclusive of operative property, and the outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made May 18, 1914.

W. B. WILLIAMS,
County Clerk and Ex-officio Clerk of the Board of Supervisors.

LOS ANGELES PRODUCE MARKET

A few Royal Anne cherries were received from the Courtland district yesterday. There have been a number of shipments of white cherries, but they are not of the real Royal Anne variety. So far the white cherries have been small, and not at all pleasant comparisons with the fine red cherries that have been coming in. Receipts of currants from the north were reported. A few gooseberries also came in. The berry receipts were only fair, and prices are holding firm. Raspberries are selling lower than any other variety at this time. Loganberries are plentiful.

There was no change in the market of staples in any product. Egg receipts were 580 cases. Sales were normal and arrivals from the East were light. Northern eggs are still coming in, and a car of Chinese eggs was reported. Butter receipts were 7,620 pounds. Creamery extra is second none plentiful, while second grades are not hard to get. Cheese receipts were 2120 pounds. The call for Eastern is good, and prices steady. Potatoes moved freely. Only 1850 sacks were received from the outside. The onion market was very firm. Receipts have been rather light for the past two or three days. Beans and sweet potatoes were in light receipt. Apple arrivals totaled 541 boxes.

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Fifteen Thousand (\$15,000.00) Dollars of Westminster School District of Orange County, California, will be received by the Board of Supervisors of Orange County up to 11 a. m. of Wednesday, June 3, 1914. Each of said bonds shall be dated July 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually; said principal and interest to be paid by the Board of Supervisors of Orange County, California. Said bonds are fifteen (15) in number of One Thousand (\$1,000.00) Dollars each, payable as follows:—
Bond No. 1, \$1,000.00, payable July 1, 1915;
Bond No. 2, \$1,000.00, payable July 1, 1916;
Bond No. 3, \$1,000.00, payable July 1, 1917;
Bond No. 4, \$1,000.00, payable July 1, 1918;
Bond No. 5, \$1,000.00, payable July 1, 1919;
Bond No. 6, \$1,000.00, payable July 1, 1920;
Bond No. 7, \$1,000.00, payable July 1, 1921;
Bond No. 8, \$1,000.00, payable July 1, 1922;
Bond No. 9, \$1,000.00, payable July 1, 1923;
Bond No. 10, \$1,000.00, payable July 1, 1924;
Bond No. 11, \$1,000.00, payable July 1, 1925;
Bond No. 12, \$1,000.00, payable July 1, 1926;
Bond No. 13, \$1,000.00, payable July 1, 1927;
Bond No. 14, \$1,000.00, payable July 1, 1928;
Bond No. 15, \$1,000.00, payable July 1, 1929.

The bonds will be sold for cash only and at not less than par and accrued interest. The purposes for which said bonds were voted were and are for the purpose of raising money for purchasing school lots, for building one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds. A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids, and for the general sale of said bonds within the Westminster School District in said county for the year 1913 is \$651,092.00, exclusive of operative property, and the outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made May 18, 1914.

**DYER CASE IS
NEAR THE END**
Verdict Will Probably Be
Brought in After 6 This
Evening

This afternoon attorneys are arguing the case in which Herbert A. Dyer of Anaheim is defendant, and it is probable that a verdict will be brought in some time this evening after 6 o'clock.

Dyer went on the witness stand this afternoon and denied the accusation made by his step-daughter, Hester Butler, aged 14 years. When asked why he had jumped his bail and gone to Calgary, Can., Dyer said that he had gone away for the benefit of his health. Detectives from Calgary produced photographs of Dyer taken at the time of his arrest. He had a full crop of whiskers at that time.

Dyer's attorneys, Weisel & Dutton,

put on a number of character witnesses for Dyer. Koepsel and Eden represent the district attorney's office.

Bankruptcy Hearing
Today Lynn Helm of Los Angeles, referee in bankruptcy, is hearing testimony in the case of Frank F. Skelly, bankrupt. Several claimants are represented at the hearing in person and by counsel. Skelly formerly lived at Westminster. He was tried and acquitted of a charge of burning his wife to death, his trial being one of the most sensational in the history of the county.

To Quiet Title
Suit to quiet title to lots 8 and 10, block 20, Yorba Linda tract, has been brought by M. N. Newmark, Jacob Stern and H. W. Franks against E. E. Harriman and John Griffin. The plaintiffs are represented by Attorneys Gibson, Dunn & Crutcher of Los Angeles.

Divorce Action
Suit for divorce has been brought by Robert E. Heinrich against Freda Heinrich. Leonard Evans of Anaheim is attorney for the plaintiff.

Marriage Licenses
John Henry Kauffman, 30, and Amy Lenore Huntton, 24, both of Santa Ana; Charles Beyerbach, 25, and Josephine Sorsabal, 18, both of Fullerton.

IN THE JUSTICE COURT
**CARELESS ONES ARE
FROM LOS ANGELES**

Some of the Visitors Fail to Recognize Law on Corners Here

Justice Cox has observed that about three out of every four persons brought into his court for violating the law against cutting corners are residents of Los Angeles.

"I don't understand it," said he, "except upon the theory that they think that in a place of this size they can do as they please. They certainly know the law, for they have to observe it all the time in Los Angeles."

L. Villermet of Los Angeles was one of the offenders. He cut the corner at Fourth and Main, and when Officer Gilbert called to him, he put on speed. Gilbert got the man's number, and swore to a complaint against him. A man had to be sent to Los Angeles to make the arrest. If Villermet had been brought into court on arrest here, he would have been fined \$5. Because he failed to stop and because it cost money to get him, Justice Cox fined Villermet \$15 instead of \$5.

A Los Angeles man named Harry Harris paid \$5 this morning for cutting a corner. He was arrested by Officer Lacy.

Manson Rouse is to be tried Thursday on a charge of driving his automobile on the wrong side of the street.

**HUSBAND AND WIFE
ON LONG AUTO TRIP
TO TAKE 6 MONTHS**

W. C. Sweet, a Los Angeles building contractor, living at 3601 Arlington street, and his wife will leave the latter part of this week on a 10,000-mile automobile trip across the continent, up into Canada and then back to Los Angeles, says the Los Angeles Examiner.

This novel vacation trip will take about six months and the couple will travel in a modern "home on wheels." They will eat, sleep and cook in their automobile en route. Mr. Sweet has remodeled his big touring car so that nearly every convenience of a home has been incorporated in it. The back can be let down and they have installed a bed. They will cook in the automobile with an oil lamp. Not even the small luxuries of a home have been overlooked for Mr. Sweet has arranged to have a reading lamp for the nights, which will be lighted by electricity from the machine's motor.

Experienced Travelers
Mr. and Mrs. Sweet have made long trips before in this automobile and the perils, hardships and minor misfortunes that they expect to face on this long trip will not be entirely new to them.

**SAGE TEA DARKENS
HAIR TO ANY SHADE**

Don't Stay Gray! Here's an Old-time Recipe that Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.—Advertisement.

**SPECIAL TAX
ONE WAY OUT**

School Authorities Figuring Best Method of Meeting Situation

The school authorities have been considering steps to meet the conditions that have arisen through the lack of funds to meet all warrants that will be issued between now and the beginning of the next fiscal year, July 1. As reported in the Register yesterday, retrenchment is to be the order of the year, and every effort is to be made to clear up the financial condition within a year.

The overdraft for the high school can be met eventually by increasing the tax rate. This can be done in the case of the high school. A similar step in the case of the grammar schools cannot be taken, as the law limits the special tax to thirty cents, unless the school district votes the special tax higher than that. That may be the method used in the case of the grammar schools. The voters of the city may be asked to vote a special tax over and above the thirty cents that can be levied without a vote of the people.

Spanish Department
It has been reported that the Spanish department of the grammar schools is to be discontinued. This report is erroneous, the conditions and adjustments to be made being as follows:

The crowded condition of the schools will necessitate the use of Washington school building next year for regular grade work, so the Spanish children will be distributed among the schools of Lincoln, Roosevelt and McKinley, where one room in each of these schools will be set aside for their use, and their instruction will continue unchanged.

In one important respect this change will be of great benefit to the Spanish children as it will give them the advantage of association with the white children and speaking their language in school and on the playground, whereas they now speak only Spanish on their playgrounds.

Another advantage of the change is that the fathers and mothers of the Spanish speaking children have been objecting for the last two or three years that a central building obliged many of the small children to walk too great a distance to school.

SANDWICH, England, May 20.—"Chick" Evans and Harold Webber are the only Americans left in the contest for the amateur golf championship of Great Britain. Outmet, the American champion, was eliminated by Tubbs, British, today. Webber defeated Carlisle, British, and Marriott, British. Evans defeated Scott, British. M. Scott, British, defeated Herreshoff, American.

**ORANGE COUNTY DAY
NOT LIKELY TO BE
HELD ON JUNE 11**

Replies to circulars sent out by the local Chamber of Commerce in regard to a suitable date for Orange County Day are to the effect that June 11 will be too near a number of other events to make a good attendance likely. The meeting of the Associated Chambers of Orange County will be held in Fullerton May 27 and on that day, according to information given out by Secretary Metzgar, there will be a delegation present from Huntington Beach to advise against holding the County Day on June 11. The Pier Day celebration will be held at Huntington Beach June 20. The beach people are of the opinion that were Orange County Day held June 11 the turn-outs for both events would be less than if the County Day were held on a date considerably later than that scheduled for Pier Day. On Orange County Day it is proposed to visit various cities of the county in automobiles.

**STEWART WILL
TAKE THE JOB**

W. S. Decker Considering Clause Concerning No Contracting

V. L. Stewart will qualify for the position of city engineer to succeed S. H. Finley, who resigned to become chief engineer of the County Highway Commission. Stewart has been living in Santa Ana for some time past, and has been employed by the County Highway Commission as the resident engineer upon the Santa Ana-Newport Beach paving job. Stewart was city engineer about seven years ago, and resigned to move to Anaheim, where his brother is now city engineer.

Stewart was appointed city engineer of Santa Ana by the trustees Monday night. At that time City Trustee Greenleaf said that Stewart would accept the position.

That same evening W. S. Decker was appointed building inspector. The trustees added a motion to the effect that the building inspector of Santa Ana be prohibited from entering into the contracting business. The purpose of this motion was to have the inspector free from any building work going on in the city so that his official duties would not be interfered with. Decker has been doing some contracting as a builder, and today it was reported that he has been interviewing some of the trustees concerning the matter. He has not yet taken the oath of office.

**SPECIAL TAX
ONE WAY OUT**

School Authorities Figuring
Best Method of Meeting
Situation

The school authorities have been considering steps to meet the conditions that have arisen through the lack of funds to meet all warrants that will be issued between now and the beginning of the next fiscal year, July 1. As reported in the Register yesterday, retrenchment is to be the order of the year, and every effort is to be made to clear up the financial condition within a year.

The overdraft for the high school can be met eventually by increasing the tax rate. This can be done in the case of the high school. A similar step in the case of the grammar schools cannot be taken, as the law limits the special tax to thirty cents, unless the school district votes the special tax higher than that. That may be the method used in the case of the grammar schools. The voters of the city may be asked to vote a special tax over and above the thirty cents that can be levied without a vote of the people.

Spanish Department
It has been reported that the Spanish department of the grammar schools is to be discontinued. This report is erroneous, the conditions and adjustments to be made being as follows:

The crowded condition of the schools will necessitate the use of Washington school building next year for regular grade work, so the Spanish children will be distributed among the schools of Lincoln, Roosevelt and McKinley, where one room in each of these schools will be set aside for their use, and their instruction will continue unchanged.

In an important respect this change will be of great benefit to the Spanish children as it will give them the advantage of association with the white children and speaking their language in school and on the playground, whereas they now speak only Spanish on their playgrounds.

Another advantage of the change is that the fathers and mothers of the Spanish speaking children have been objecting for the last two or three years that a central building obliged many of the small children to walk too great a distance to school.

**KING GUSTAVE OPENED
RIKSDAG, ALTHOUGH WEAK**

STOCKHOLM, Sweden, May 20.—King Gustave, who is recovering from an operation for ulcer of the stomach, opened the Riksdag yesterday. He seemed weak and walked with difficulty, but read his speech in a strong, clear voice. The king will leave today for Karlsbad.

**KENT AS INDEPENDENT
IN HIS REGISTRATION**

SAN RAFAEL, Cal., May 20.—No party affiliation is shown in the registration affidavit of Congressman William Kent, which was received from Washington yesterday. Kent was slated as an independent candidate.

**2 DEAD, MANY HURT
IN FIRE WHICH RAZED
ST. LOUIS BUILDING**

ST. LOUIS, May 20.—Mrs. Rebecca Soltz, aged 24, and her 3-year-old son Morris were burned to death by a fire which destroyed a three-story building. Her 4-year-old daughter is so badly burned there is little hope for her recovery. Several others were seriously burned while escaping from the building.

**GOLF CONTEST HAS BUT
TWO AMERICANS LEFT**

SANDWICH, England, May 20.—"Chick" Evans and Harold Webber are the only Americans left in the contest for the amateur golf championship of Great Britain. Outmet, the American champion, was eliminated by Tubbs, British, today. Webber defeated Carlisle, British, and Marriott, British. Evans defeated Scott, British. M. Scott, British, defeated Herreshoff, American.

**ORANGE COUNTY DAY
NOT LIKELY TO BE
HELD ON JUNE 11**

Replies to circulars sent out by the local Chamber of Commerce in regard to a suitable date for Orange County Day are to the effect that June 11 will be too near a number of other events to make a good attendance likely. The meeting of the Associated Chambers of Orange County will be held in Fullerton May 27 and on that day, according to information given out by Secretary Metzgar, there will be a delegation present from Huntington Beach to advise against holding the County Day on June 11. The Pier Day celebration will be held at Huntington Beach June 20. The beach people are of the opinion that were Orange County Day held June 11 the turn-outs for both events would be less than if the County Day were held on a date considerably later than that scheduled for Pier Day. On Orange County Day it is proposed to visit various cities of the county in automobiles.

**STEWARD WILL
TAKE THE JOB**

W. S. Decker Considering
Clause Concerning No
Contracting

V. L. Steward will qualify for the position of city engineer to succeed S. H. Finley, who resigned to become chief engineer of the County Highway Commission. Steward has been living in Santa Ana for some time past, and has been employed by the County Highway Commission as the resident engineer upon the Santa Ana-Newport Beach paying job. Steward was city engineer about seven years ago, and resigned to move to Anaheim, where his brother is now city engineer. Steward was appointed city engineer of Santa Ana by the trustees Monday night. At that time City Trustee Greenleaf said that Steward would accept the position.

The same evening W. S. Decker was appointed building inspector. The trustees added a motion to the effect that the building inspector of Santa Ana be prohibited from entering into the contracting business. The purpose of this motion was to have the inspector free from any building work going on in the city so that his official duties would not be interfered with. Decker has been doing some contracting as a builder, and today it was reported that he has been interviewing some of the trustees concerning the matter. He has not yet taken the oath of office.

**FORAKER ASPIRES TO BE
ONCE MORE U. S. SENATOR**

CINCINNATI, O., May 19.—Joseph B. Foraker, former United States Senator, has formally announced his candidacy for the nomination for United States Senator from Ohio on the Republican ticket.

In a formal letter Mr. Foraker disagreed with President Wilson as to his Mexican policy, and opposed the repeal of the Panama Canal tolls act.

Jersey Law Tested Today

ORANGE, N. J., May 19.—The first test of the new preferential voting law passed by the last legislature of New Jersey for commission government elections is being made here today. Orange recently adopted the commission form of government. The Good Government League has maintained absolute neutrality among all candidates, merely printing biographies of all and devoting its efforts toward educating the voters in how to take advantage of the preferential system of voting.
